

Patricia Martínez – Garzón, PhD

Engeldamm, 28
Berlin, 10179, Germany
Phone: +49 (0)331/288-28833

Email: patricia@gfz-potsdam.de
Born in Madrid, 21th November, 1986
Nationality: Spanish

1. EDUCATION

	Helmholtz-Centre Potsdam GFZ German Research Centre for Geosciences, Potsdam
Since Jan 2018	<ul style="list-style-type: none">Young Group Leader of Helmholtz Young Investigators Group, GFZ section 4.2 Website: saidan.org
2014-2017 Postdoc	<ul style="list-style-type: none">Postdoctoral Researcher within GFZ section 4.2 6-12/2014 in-house position since 1/2015 funded by the Helmholtz-Postdoc Programme
2011-2014 PhD	<ul style="list-style-type: none">PhD in Geophysics/Seismology within GFZ section 4.2 (graduation at FU Berlin) 7/2011–6/2014 Dissertation title: Seismo-mechanical reservoir characterization from fluid-induced seismicity. Final grade: Magna Cum Laude Supervisor: Prof. Dr. Marco Bohnhoff
Sep 2018 – Jan 2019	University of Southern California, Los Angeles
Jan 2016 – Dec 2016	Visiting Research Scientist for 6-month as part of the Helmholtz Postdoc Programme Host: Prof. Yehuda Ben-Zion.
Sep – Nov 2013	University of Alberta, Edmonton Visiting student for 2 months as part of the Helmholtz-Alberta Initiative Host: Prof. Rick Chalaturnyk
2004 – 2011	Universidad Complutense, Madrid <ul style="list-style-type: none">Master in Geophysics and Meteorology, 2010 – 2011 M.Sc. Dissertation title: Dynamic strains and induced seismicity at Itoiz dam, Spain. Supervisors: Dr. Miguel Angel Santoyo, Prof. Miguel Herraiz final grade: 9/10.Degree in Fundamental Physics (five years degree), 2004 - 2010 Final grade: 7/10

2. TEACHING

Lecturing:

Free University of Berlin, Berlin, Germany

- Guest lectures as part of Applied Seismology class:
 - “The stress field: introduction and applications to natural and induced seismicity”, 2014/15/17
 - “Introduction to stress inversion using MSATSI”, 2014/15/17

- "Static stress changes and Coulomb stress transfer". 2017
- Guest lecture as part of Geophysics seminar, 2014
 - "Stress field variations from focal mechanics of induced seismicity at The Geysers geothermal field"

University of Southern California, Los Angeles, USA

- Guest lecture: "The stress tensor inversion: details, advantages and assumptions", Seminars of Geophysics, January 2016.

University of Alberta, Edmonton, Canada

- Guest lecture: "Stress tensor determination: updates and applications to reservoir scale", Seminars of Geophysics, September 2013.

Helmholtz Centre Potsdam GFZ German Research Centre for Geosciences

- Teacher and organizer of the workshop: "Static stress changes and Coulomb stress transfer: Basic concepts, relevant studies and introduction to Coulomb-3 software". March 2017

Student co-supervision:

	Stephan Bentz
2015/16	<ul style="list-style-type: none"> • MSc Thesis (main supervisor Prof. J. Renner, Ruhr-University Bochum) Title: Analysis of source characteristics and spatio-temporal patterns of the large magnitude events at the Salton Sea Geothermal Field
Since 2016	<ul style="list-style-type: none"> • PhD (officially supervised by Prof. Bohnhoff) Title: Earthquake source characteristics and directivity at strike-slip faults
	Niloufar Abolfathian
Since 2016	<ul style="list-style-type: none"> • PhD Project (officially supervised by Prof. Ben-Zion). PhD preliminary title: Stress field characterization and source parameters of seismicity at the San Jacinto Fault Zone, southern California.
	Christopher Wollin
Since 2017	<ul style="list-style-type: none"> • PhD Project (officially supervised by Prof. Bohnhoff). PhD preliminary title: A new high-resolution catalog (2000-2017) for the seismicity at the Sea of Marmara, western Turkey.
Since 2017	Maria Leonhardt
	<ul style="list-style-type: none"> • PhD project (officially supervised by Prof. Bohnhoff). PhD preliminary title: Microseismicity from hydraulic fracturing employing different stimulation practices.
Since March 2018	Amandine Amemoutou
	<ul style="list-style-type: none"> • First PhD position within my Young Investigators Group SAIDAN. PhD preliminary title: The role of aseismic deformation in induced seismicity environments.

3. SELECTED INVITED TALKS

N	Year	University / Institute	Title of the invited talk
1	2013	Universidad Complutense, Madrid, Spain	Microseismic monitoring as tool for reservoir characterization: case studies related to CO ₂ storage and reservoir stimulation Host: Prof. Elisa Buforn Peiró
2	2013	University of Alberta, Edmonton, Canada	Stress tensor determination: Updates and applications to reservoir characterization Host: Prof. Mirko Van der Baan
3	2014	University of Bochum, Germany. Workshop on Geothermal Reservoir monitoring and characterization	Seismo-mechanical characterization of geothermal reservoirs: A case study from The Geysers geothermal field Host: Prof. Joerg Renner
4	2015	U.S Geological Survey (USGS), Science Seminars, Menlo Park, USA	Seismo-mechanical reservoir characterization at The Geysers geothermal field Host: Dr. Martin Schoenball, in the frame of Earthquake Science Centre Seminars
5	2016	University of Southern California, Los Angeles, USA	Reservoir characterization at The Geysers geothermal field: stress field, seismic hazard and fault (re)-activation Host: Prof. Yehuda Ben-Zion
6	2016	California Institute of Technology (CALTECH), Pasadena, USA	Reservoir characterization at The Geysers geothermal field: stress field, seismic hazard and fault (re)-activation Host: Prof. Egill Hauksson, in the frame of Caltech Seismological Seminars
7	2016	Lawrence Berkeley National Laboratory, Berkeley, USA	Reservoir characterization at The Geysers geothermal field: stress field, seismic hazard and fault (re)-activation Host: Dr. Corinne E. Layland-Bachmann
8	2017	Swiss Federal Institute of Technology (ETH), Zurich, Switzerland	Source-physics and fault mechanics of geothermal induced seismicity Host: Dr. Anne C. Obermann
9	2018	IS Terre, Grenoble, France	Crustal deformation in the Sea of Marmara region: observations from near-fault monitoring Host: Prof. Michel Campillo

4. THIRD-PARTY FUNDING

1	Helmholtz Postdoc Programme (3-year Postdoc Position 2015-2017) Role: Principal Investigator	Title: Earthquake Hazard due to reservoir stimulation: A geomechanical study linking hazard and induced seismicity.
2	Helmholtz Young Investigators Group (6-year Young Leader 2018 - 2023) Role: Principal Investigator www.saidan.org	Title: SAIDAN: Seismic and aseismic deformation in the brittle crust: Implications for anthropogenic and natural hazard.

3	Deutsche ForschungsGemeinschaft Normalverfahren (3-year PhD student) (in revision) Role: Principal Investigator	Title: Earthquake source characterization and directivity effects in relation to fault properties: Implications for their seismic hazard.
4	Deutsche ForschungsGemeinschaft ICDP Priority Programm (2-year postdoc position) (herewith submitted) Role: Principal Investigator	Title: Characterizing seismic hazard potential of the Armutlu Fault south of Istanbul based on deformation mechanisms, structural geology and fluid-rock interaction

5. AWARDS

N	Award	Date	Agency
1	Best poster Presentation Award	September 2013	3 rd HAI Science Forum, Alberta, Canada
2	Best Student Oral Presentation Award	May 2014	Annual Meeting of the Seismological Society of America (SSA), Anchorage, Alaska
3	Best Dissertation of the year at GFZ Potsdam	October 2014	Association of Friends and Sponsors of the GFZ, Potsdam, Germany

6. SOFTWARE DEVELOPMENT

Name	Description	Download at:
MSATSI	Stress inversion software package	http://www.gfz-potsdam.de/msatsi
HYBRIDMT	Moment tensor inversion using first motion polarities and refinement using the Hybrid technique	http://www.gfz-potsdam.de/en/hybridmt/

7. COMMUNITY SERVICE

Reviewer of scientific publications	Science Advances, Nature Geosciences, Earth and Plan. Sci. Lett., J. Geophys. Res., PAGEOPH, Geophys. Res. Lett., Geophys J. Int., Bull. Seism. Soc. Am, Annals of Geophysics Total: 44
Reviewer of scientific proposals	DOE U.S. Department of Energy, USA National Science Foundation, Joint Funding Association of Israel and China, Funding Association of the Czech Republic. Total: 5
Chair of scientific sessions	“Characterization of the stress field and stress drop for earthquake source physics and hazard assessment” at the Annual Meeting of the Seismological Society of America (2016, 2017), “Cross-scale studies of transient faulting in the brittle crust”, AGU Fall Meeting (2018)
Workshop Organizer	“Coupled fractured processes in geothermal reservoirs (COUFRAC), China, October 2018”

8. TRAINING COURSES ATTENDED

Sudelfeld, Munich, Germany (March 2012)	Munich Earthquake School of Sciences (MESS)	Focus was on signal processing using ObsPy tools, and estimation of earthquakes source characteristics.
Liebenberg, Berlin, Germany (April – November 2015)	“Führung Starten” (Starting Leadership, (by Helmholtz Academy)	The workshop included three modules dealing with basics concepts of leadership theory, how to lead one self and small groups and understanding of complex organizations (In German).
GFZ, Potsdam, Germany (September 2015)	The Geocritical Crust Fluid Flow and Transport in Heterogeneous Rock	Imparted by Prof. Peter Leary and Prof. Peter Malin
Stanford online courses (2015)	Reservoir Geomechanics	Online lessons by Prof. Mark Zoback
Cargese School of Physics	Physics of slow earthquakes and earthquake clustering	The goal is to spend a week dedicated to long seminars about the basics of slow earthquakes, state-of the art knowledge and best tools to detect them.

9. LANGUAGES

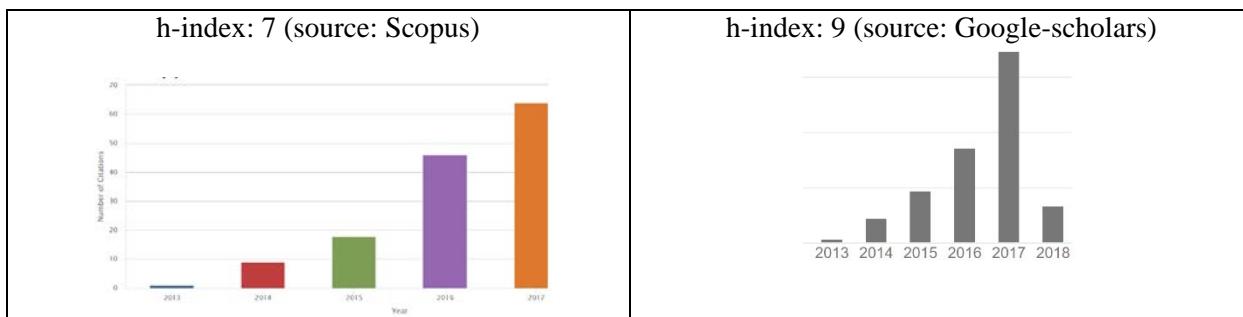

Spanish Native proficiency	English Professional proficiency
German Intermediate level (level B1)	Italian Intermediate level (level A2 finished)

10. APPLICATIONS TO PROFESSORSHIPS

Year	University and Position	Final Outcome
2017	University of Potsdam W1 – Junior Professorship in General Geophysics	Number 3 of final decision

LIST OF PUBLICATIONS

Citation index:

Monographs:

1	P. Martínez-Garzón (2011). "Deformaciones dinámicas originadas por sismos en presas: Caso de la presa de Itoiz (Navarra)". MSc Thesis (in Spanish).
2	P. Martínez-Garzón (2014). "Seismo-mechanical reservoir characterization from fluid-induced seismicity". PhD Dissertation.
